INVITATION CYBER RESILIENCE SEMINAR

16 SEPTEMBER 2020

What does it mean to be Cyber resilient? Protecting physical and digital assets from cyber-attack is critical to the future of Australian supply chains. Thales, in partnership with ADA-Vic, is presenting a series of webinars to support SMEs and our SME partners by demystifying cyber security and digital threat readiness to build a future we can all trust.

This series will provide our suppliers with practical and actionable information on securing the digital assets and cloud based technology.

ADA-Vic and Thales Australia invite you to attend this Industry Engagement Seminar to hear from leaders in cyber security about the current threat environment for Australian businesses and what you can do to help ensure your business is more cyber resilient. Register now to secure your place.

DATE Wednesday, 16 September 2020

TIME Webinar commences 10:00am

SPEAKERS

Michelle Richard, Director, Purchasing

Ben Doyle, Chief information Security Officer

Jeremy Hulse, General Manager - Cyber Security
